"Lexie" as we call her, is the product of Lloyd Esh's phenomenal breeding program out of Pennsylvania. She is a daughter of the 2200lb Cut'N Dried bull and the 1400lb double-twist Jamboree cow out of Juma. Lexie is currently AI'd to HL Higher for Summer '25 calf. Apart from being an absolute stunner, Lexie is the sweetest, quietest cow on our property. We are super happy to have her in our foundation herd!
