Bella is developing into an absolutely STUNNING heifer out of 88" 20-Gauge. Not only is she developing black twisty horn, but she's probably the easiest cow out of our whole herd to work. She's got quite the personality! Her quiet demeanor and personality are such a joy to have at our ranch. We look forward to following her as she ages! She will be bred back to Double S Tiger King, Jeremiah 29:11 son and future herd sire owned in partnership with
